

DELHI ELECTRICITY REGULATORY COMMISSION

(A Statutory Body of Govt. of NCT of Delhi)

Viniyamak Bhawan,

C-Block, Shivalik, Malviya Nagar, New Delhi - 110 017

PUBLIC NOTICE FOR TARIFF DETERMINATION FY 2011-12

Delhi Electricity Regulatory Commission determines the tariff each year for sale of electricity to different categories of consumers in the NCT of Delhi based on DERC (Terms and Conditions for Determination of Wheeling Tariff and Retail Supply Tariff) Regulations 2007 as modified from time-to-time. No Tariff Order was issued for FY 2010-11 as the matter was before a Division Bench of the Hon'ble High Court of Delhi.

The Commission is now commencing the exercise of tariff determination for FY 2011-12. The existing Regulations had been issued for the 4 year control period 2007-11 in respect of generation, transmission and distribution in the NCT of Delhi. These regulations expire on 31.3.2011. Finalization of Regulations for the next Control Period is already under consideration and their finalization would take some time.

Since the tariff determination exercise should normally commence by end November, so that the Tariff Orders can be finalized and issued by end March, the process of tariff determination for FY 2011-12 has already been delayed. The Commission has therefore, decided to extend the principles of tariff determination as contained in the Regulations for 2007-11 for a further period of one year i.e. FY 2011-12 ending on 31.3.2012, subject to the following:

A. The AT&C loss targets for the FY 2011-12 will be the lower of the following two figures:

- Actual AT&C loss of 2010-11 as determined by the Commission after prudence check;
- Reduction of 1% over the AT&C target for FY 2010-11.

B. Other principles for determination of Generation, Transmission and Distribution tariff for FY 2011-12 shall be as per the existing Regulations 2007-11.

C. The new Regulations when finalized will be made effective from 01.04.2012.
