Subject: Clarification on applicability of charges on wheeling of renewable captive energy.

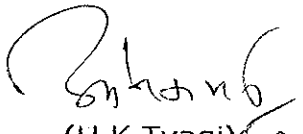

Sir,

The Commission is in receipt of a representation seeking clarification on applicability of various charges on wheeling of renewable captive energy.

2. The Commission has issued Order dated 01.06.2017 for determination of open access charges and related matters. The matter has been examined based on the clause 2.2, 2.3 and 6 of Order dated 01.06.2017 and accordingly, it is clarified that transmission charges, wheeling charges, additional surcharge and cross subsidy surcharge shall not be levied in case distribution access is provided to a person who has established a renewable captive generating plant for carrying the electricity to the destination of his own use.

3. This issues with the approval of the Commission.

Yours faithfully,

(U.K. Tyagi)
Executive Director (Engg.)
