(Date of Hearing: 25.10.2018)

(Date of Order: 26.10.2018)

1. The Counsel for the Petitioner submitted that in compliance to the Order of the Commission, a supplementary affidavit containing the statement of projects, timelines of which have not been adhered to, has been filed.
2. The Counsel for the Respondent submitted that a reply to the supplementary affidavit has been filed and there is no instance to attract provisions of Section 142 of the Electricity Act 2003. It was further submitted that the adequate transmission system/grid facility has been made available to the Petitioner, which is evident from the fact that even at the time of peak demand during summer of 2018, the Petitioner's demand was recorded as 1954 MW against the installed capacity of about 3200 MW.
3. The Counsel for the Respondent sought time to seek instruction about the date from which the adequate transmission system/grid facility was made available to the Petitioner.
4. The Respondent shall file statement about the date of adequate grid facility within a weeks time.
5. List the matter on 19.11.2018.
